

Gourmet Salt "Himalaya Pink" coarse / fine

Technical Data Sheet

description rock salt, selected pieces by hand, milled and sieved
CAS code 7647-14-5
EC code 231-598-3
origin Salt Range, Pakistan (near Himalaya massive)
appearance crystalline
colour light pink / white / transparent
additives none
ingredients none

analysis	NaCl	> 98%	calcium as CaCl ₂	< 0,3%
(typical)	moisture	< 0,2%	magnesium as MgCl ₂	< 0,2%
	water insoluble	< 0,2%	iron as Fe ²⁺	< 10 ppm
	sulphate as Na ₂ SO ₄	< 0,5%		

physical properties	coarse	fine
grain size distribution	< 2 mm < 8%	< 0,4 mm < 8%
	2 - 4 mm > 90%	0,4 - 0,85 mm > 90%
	> 4 mm < 6%	> 0,85 mm < 6%
bulk density	1.150 - 1.350 kg/m ³	1.050 - 1.250 kg/m ³
shelf life	5 years	

packaging	size	plastic material	carton box
a) 25 kg bag 6 layers with 5 bags = 30 bags per pallet / 750 kg net	0,55 x 0,25 x 0,18 m	67 g	n/a
b) 1.100 kg bigbag	1,1 x 1,1 x 1 m	2,5 kg	n/a

storage salt products are to store in a dry and covered area with humidity below 70%

QS production is HACCP & ISO9001 certified

declarations

GMO this salt does not contain any genetically modified organisms and there is no genetic engineering applied during the production process. Any GMO contamination is excluded during whole production process

allergens this salt does not contain any allergens

diet use is suitable for vegetarian, vegan, lactose / gluten intolerance diets

order code coarse: HPG24 / fine: HPF48
